Emergency Closure Procedures (if required) 2021 – 2022

Main reasons for closure:

- PSNI/Met Office warning to only travel if absolutely essential.
- Power or heating failure
- Inadequate number of staff able to be in attendance.
- If roads are deemed too dangerous for emergency services to access the school quickly and safely.
- Direction from DE

Notification of closure:

Firstly, a message will be placed on our school website. *Download the Schools NI app to receive notifications*

Secondly, by text message to all families using the school c2k text messaging service. This service uses the main mobile contact number which has been given to school. It is the responsibility of parents to ensure that school is notified of any changes to contact numbers.

Thirdly, by notification to BBC NI News who will produce a list. A list of closures will be found at <http://www.bbc.co.uk/newsni>

School Bus:

If the bus does not come out to bring your child to school, assume that it will not be bringing your child home and make arrangements to collect your child from school.

If it snows significantly during the course of the day assume there will be no bus in the afternoon and make arrangements to collect your child from school. The drivers do try to keep us up to date so you can also check with school. On days when a significant fall occurs during the day we will try to send all children home at 1.45/2 pm in order to allow staff time to travel home in daylight and also to reduce parental journeys.

It would be highly unusual that school would close for snow but if you are in doubt, do not set out in the morning until you are sure school is open. A slightly later start will be acceptable.

Remember, staff may also be delayed so when dropping off your child, check teachers are present before you drive off. If we do get some snow, send your child to school with Wellingtons, hats, gloves etc. so that those who wish to do so, can enjoy the snow!

Finally, please drive and walk carefully in and around school. There may be times we don't have staff available to grit all of the school grounds. It is always very important that parents make informed decisions on the safety of their children travelling on dangerous roads regardless of whether the school is open or closed. Parents should not post details of school closures on social media sites. This is not controlled by the school and inaccurate information can quickly circulate in the community causing confusion.

Supporting

**MACMILLAN
CANCER SUPPORT**

Our school joined with pupils across Northern Ireland to get active together, and connect the importance of being active for our mental health. We also managed to raise money for a very worthwhile charity 'Macmillan Cancer Support'.

Thank you to all families who contributed to our charity Santa Run on 3 December. We raised £405.00 which we will donate to Macmillan before Christmas.

PACKED LUNCHES *REMINDER*

Please do not send NUTS or products containing NUTS to school. We also ask P1 parents not to send in Kiwi fruit.

Thank you for your help in trying to keep everyone in our school community safe.

'CHRISTMAS VIDEO'

The staff and children are working on preparing a Christmas Video as an alternative to our normal Christmas Concert. We hope you will all enjoy this. Due to COVID disruption it is taking longer to get it finished than originally planned. We will text you details of how to access it when it is ready.

ECO NEWS

Thank you to all families who have added bags of textiles/clothes to be recycled to our clothing bank. Our ECO COMMITTEE 2021 have been investigating Climate Change and have made a special feature on how we can all help to reduce the impact of Climate Change. Look out for this on our school website.
